Jackson/Teton County Comprehensive Plan Update
All Joint Planning Commission Recommendations Through 7/2/2010

Approved Teton County

Rec. #	Recommendation	County	Town	Date
70	"Why is this theme addressed?" replace Paragraph 1 with: Because Teton County's abundant wildlife, natural and scenic resources are an international treasure, and the protection of these resources is our community's highest priority. We recognize that our policies regarding development, transportation, recreation, and energy consumption all have impacts on these resources, so it is our responsibility to create policies and enact regulations which protect them. Permanent Conservation Permanent conservation of private lands has resulted in about 20,000 acres of conserved open space. Another 15,000 acres are still in agricultural use. Agricultural use of large contiguous private land is most consistent with the goals of this Comprehensive Plan. Efforts aimed at the permanent conservation of such lands have the greatest potential to positively impact Teton County's wildlife, scenic and natural resources, and should be our highest land use priority.	5-0	1-6	8/27/2009
74	Policy 1.1.f: Change "support" to "require"	4-1	1-6	8/27/2009
77	Policy 1.1.g: Change "use best management and design practices" to "implement policy directives"	4-1	2-2	8/27/2009
89	Principle 1.5 "... and will be regulated" instead of "...and will be prevented as much as possible"	3-1	2-4	9/3/2009
95	1.6: staff will draft language that recognizes permanent conservation of large contiguous properties as one of our highest land use priorities	3-1	1-4	9/3/2009
103	Include all appropriate Game and Fish language into document	4-0	2-3	9/10/2009
136	Add indicator: acres rehabilitated	4-1	1-4	10/8/2009
142	Add indicator: meters of wildlife unfriendly fencing removed	4-1	1-4	10/8/2009
195	Conservation Alliance 11/12 Action #2: Ensure that the red-lined, rewritten draft of Theme One that is sent to elected officials includes an incorporation of Wyoming Game and Fish comments.	3-1	1-3	11/19/2009
197	Conservation Alliance 11/12 Action #4: Wildlife protection should be the primary consideration in all land use decisions (While balancing the need to protect private property rights)	3-1	2-2	11/19/2009
198	Conservation Alliance 11/12 Action #4: Wildlife protection should be the primary consideration in all land use decisions.	3-1	1-3	11/19/2009

Failed Jointly

Rec. #	Recommendation	County	Town	Date
94	1.6.a add: "The conservation and agricultural use of large contiguous private land is also the most consistent land use with the goals of the Comprehensive Plan. Efforts aimed at the permanent conservation of such lands have the greatest potential to positively impact Teton County's wildlife, scenic and natural resources, and should be our highest land use priority."	1 - 3	1 - 5	9/3/2009
110	Make Conservation of Open Space its own principle	2 - 2	2 - 3	9/10/2009
113	Add a strategy: creation of an additional Wildlife Stewardship Plan under the direction of the Environmental Commission to detail implementation of Principle 1.1	2 - 2	1 - 4	9/10/2009
191	The staff rewrite met the intent of the previous recommendations made	2 - 2	2 - 2	11/19/2009
193	Incorporate all seven 11/12 recommended actions from the JH Conservation Alliance into Theme 1	2 - 2	1 - 3	11/19/2009
194	Conservation Alliance 11/12 Action #1: Ensure that more specific data, language and mechanisms to protect wildlife are incorporated into the plan, and that existing data and knowledge are efficiently utilized. Science-based language from the existing 1994 Plan, references to specific reports that can provide a basis for land development regulations, and recent data (including updated maps of overlays) should be incorporated into the new plan. If the new plan is not going to include this specific, but necessary, information, it should refer to a plan, process, or document where the information will be gathered and available. (Insert in to strategies and indicators)	2 - 2	1 - 3	11/19/2009

Topic: Theme 5: Provide for a Diverse and Balanced Economy

Approved Jointly

Rec. #	Recommendation	County	Town	Date
314	Statement of ideal framework: Remain a community by balancing commercial, resort, and housing growth, with stewardship of natural resource	5 - 0	4 - 0	3/4/2010
315	The Commissions generally agree with using the Rocky Mountain Institute concept of "economic sustainability" to evolve the 1994 Plan as a way of more clearly defining the community's ideal economy Economic sustainability in Teton County will be focused on the development of our existing economy and businesses within our current physical and regulatory boundaries, not dependant on growth in land area or increase in development potential. More specifically, economic sustainability in Teton County will: <ul style="list-style-type: none"> • Redefine prosperity weighing quality of life, community character and the environment alongside economic considerations • Advocate the long-term stewardship of community resources including the natural environment, ensuring that present actions are considered in the context of not eroding the opportunity for future prosperity • Pursue self-reliance through diversity within the local economy • Stress balance, resilience and a conviction that many small efforts work better than a single one size fits all approach 	5 - 0	4 - 0	3/4/2010
320	Strength should be a desired characteristic of our economy and be defined by stability to level out economic highs and lows	5 - 0	3 - 1	3/4/2010

Topic: Theme 6: Develop a Multi-Modal Transportation Strategy

Approved Jointly

Rec. #	Recommendation	County	Town	Date
358	Incorporate entirety of Friends of Pathways' 3/18/2010 comments except for proposed mode share goals on page 4	5 – 0	5 – 0	4/1/2010
359	Theme 6 should state the community's transportation vision and values, so that they can be implemented through regulations and more detailed transportation planning and analysis in other documents (April draft structure)	5 – 0	5 – 0	4/1/2010
360	The commissions agree with Principle 6.1 (increase the share of trips made by alternate modes, especially transit by establishing a funding source for transit, shifting community behaviors, researching a Regional Transportation Authority, and interconnecting all modes of travel) as a general community transportation principle - with the exception that the policy should be to establish a Regional Transportation Authority not just research the idea.	5 – 0	5 – 0	4/1/2010
361	With the exception of any additive nodal development previously removed, the commissions agree with Principle 6.2 (reduce reliance on single occupancy vehicle (SOV) travel through concentration of development in a nodal land use pattern, prioritization of alternate mode solutions, requiring development to promote alternate modes, and discouraging SOV use) as a general community transportation principle.	5 – 0	5 – 0	4/1/2010
362	the commissions agree with Principle 6.3 (maintain a safe, efficient, interconnected, multi-modal transportation system through implementation of "Complete Streets", coordinated transportation planning efforts, concurrent land use and transportation review, reduced wildlife and scenic impact, and maximized redundancy) as a general community transportation principle.	5 – 0	5 – 0	4/1/2010
363	The commissions believe more emphasis should be placed on working with WYDOT to complete mutually beneficial projects	5 – 0	5 – 0	4/1/2010

Jackson/Teton County Comprehensive Plan Update
All Joint Planning Commission Recommendations Through 7/2/2010

364	The Plan should clarify that each of the five projects identified as necessary in the April draft should be studied for full system improvement and pursued	5 - 0	4 - 1	4/1/2010
365	In addition to the five project identified in the April draft, the projects identified in the Pathways Master Plan and Transit Development Plan (START) should be incorporated by reference	5 - 0	4 - 1	4/1/2010
