

Teton County Integrated Solid Waste & Recycling Trash Transfer Station Construction & Demolition Rules

Transfer Facility Information:

Location: The Trash Transfer Station is located at Horsethief Canyon, about 5 miles south of High School Road on the east side of South Highway 89.

Phone: ISWR Office & Recycling Center (307) 733-7678

Web: www.tetonwyo.org/recycling

Hours of Operation:

Monday - Friday:

Summer (mid-May – mid-October) **7 a.m. - 3 p.m.**

Winter (mid-October – mid-May) **8 a.m. – 3 p.m.**

Saturday: (year-round) **9 a.m. – 1 p.m.**

General Policies:

- All loads **must be tarped.**
- Must provide **48 hours notice prior to disposal of all Construction and Demolition loads** at the Transfer Facility. Contact 307-733-7678.
- **All loads entering the Trash Transfer Station are subject to inspection.**
- **Asbestos testing** is required prior to disposal of demolition materials. Please contact 307-733-7678 for information.

Load Sort Policy:

Please sort your loads according to the chart below. A **SORT FEE of \$250** per ton will be assessed if waste is not properly sorted. Personnel will direct you to the proper location. Please tarp and tie down all loads – there are additional fees for non-compliance.

Material	Disposal Site	Tip Fee
Minimum Tip Fee		\$5.00
Concrete/Asphalt/Masonry Block	Concrete pile	\$75 per ton
Construction/Demolition Debris	Transfer Station tip floor	\$121 per ton
Construction Wood Waste Includes dimensional lumber, plywood and OSB only; and railroad ties in a separate pile.	Upper hill, wood pile	\$83 per ton
Non-Certified Refrigeration Units	Transfer Station tip floor	\$35 per unit for Freon removal
Scrap Metal/Wire/Metal Fencing/Appliances	Scrap metal pile	Free
Yard and Landscaping Waste	Upper hill, compost pile	\$83 per ton

Prohibited Materials:

The following materials are prohibited from the Trash Transfer Facility. Please see below for information regarding alternative disposal at the Recycling Center, Household Hazardous Waste Facility or elsewhere.

Asbestos

*Asbestos tests are required for demolition loads. For asbestos tests call Steve Harrington at Jorgensen Associates, (307)733-5150.

- For friable asbestos removal, call Dave Price, (208) 681-6462.
- For non-friable asbestos removal, call Doug Schupman, (307) 733-6840.

Liquid Waste (i.e. sewage sludge) – not accepted at any ISWR facility

Compact Fluorescent Light bulbs and Tubes

Quantities less than 12 bulbs or tubes may be brought to the Recycling Center during business hours (Monday-Friday, 9am-6pm). Quantities greater than 12 bulbs or tubes, please call ahead. Large quantities may require a Household Hazardous Waste appointment. Cost is 60¢ per bulb.

Electronics

Bring electronics to the Recycling Center for disposal, Monday – Friday, 9am-6pm. Cost is 40¢ per pound.

Household Hazardous Waste

Hazardous Waste must be separated from mixed waste loads. It is accepted for disposal during seasonal collection, April - October. Call 307-733-7678 or visit www.tetonwyo.org/recycle to schedule an appointment. Hazardous waste includes:

- Anything toxic, flammable, corrosive, or reactive
- Fluorescent light bulbs
- Automotive fluids
- Oil based paint
- Antifreeze
- Poisons

Specific construction/demolition material disposal information:

Concrete/Asphalt/Masonry Block

- Concrete slabs should be no larger than 2'x2'x2'
- Protruding steel, rebar and wood must be cut flush with concrete slabs

Yard and Landscaping Waste

- Grass, leaves, and weeds
- Branches and shrubs
- Trees - Must be free of rocks and dirt. Stumps larger than 25" in diameter must be cut into 3-foot sections.

Refrigeration Units

Includes refrigerators, freezers, and air conditioners. There is a charge of \$35 per unit for Freon removal.

Scrap Metal

- Includes items such as electrical wires and conduit, metal fencing, plumbing fixtures, aluminum framed doors and windows (no glass), and all appliances (See Refrigeration Units above).
- 55-gallon drums MUST have one end removed for inspection
- Fuel storage tanks MUST be certified as decommissioned prior to disposal. Contact Teton County ISWR 307-733-768 for more information.

Tires

Individual and bulk pricing available. Rims that have been removed can go in the scrap metal pile.

Small Motorized Units

- Snowmobiles, lawnmowers, snow blowers, motorcycles, etc...
- All fluids (gas, oil, etc...) and batteries must be removed

Construction Wood Waste

*It is extremely important to bring in "clean" dimensional wood. This material is ground and used as heating fuel. It CANNOT contain any of the following contaminants:

Accepted at the wood pile:

- Dimensional Lumber
- Plywood
- OSB
- Nails Staples and screws less than 1/8 inch diameter are acceptable.
- These products must be free of all adhesives, caulk, glue, concrete, paper, and other materials. Railroad ties are accepted in a separate pile but charged as trash (\$121/ton).

NOT accepted at the wood pile

- ZIP System® sheathing (a newer structural roof and wall system with a built-in energy-efficient, moisture-resistant barrier)
- MDF
- Particle board of any kind
- Pressure treated wood
- Metal larger than 1/8" in diameter
- Stickers, shipping labels or paper
- Tar paper (not even small pieces)
- Electrical wiring
- Insulation, Styrofoam, Tyvek
- Drywall/gypsum board (not even little pieces stuck under nails)
- Windows or glass
- Entire truss structures. Truss plates and bolts should be cut out.
- Glue
- Painted to stained wood
- Other non-wood products. No gloves, lunch bags, soda cans, squirrels, ex-girlfriends (just making sure you read to the end of this list)

If wood cannot be cleaned of unacceptable materials, it must be cut into 3-foot pieces and included with landfill bound material on the tipping floor; you will be charged the landfill-bound rate of \$121 per ton for this material.
