BUILDING PERMIT FEES

The Building Division is responsible for the collection of fees adopted by the County in association with building permits. Depending on the nature of the project these fees may include the building permit and plan review fees, miscellaneous, demolition, mechanical, plumbing, development, grading and erosion control, septic, sewer, exaction, affordable housing, and energy mitigation program fees.

When submitting your plans, you will be required to pay a plan review fee. This fee is equal to 65% of your building permit fee and is charged in addition to the building permit fee. The remainder of the fees are due and payable at the time you pick-up the approved building permit. You may also be responsible for Engineering Permit fees, such as Grading and Erosion Control or Small Wastewater Facility, or sewer connection fees, depending on the nature of the project.

Refunds

If you decide not to build after you have submitted your plans and paid the plan review fee, you may be eligible for a refund of up to 80% of that fee. Section 108.6 of the International Building Code, as amended by Teton County, states:

“The Building Official shall not authorize refunding of any fee paid except on written application filed by the original permittee not later than 180 days after the date of plan review payment, and then only under the following conditions:

1. The Building Official may authorize refunding of any fee paid hereunder which was erroneously paid or collected.
2. The Building Official may authorize refunding of not more than 80% of the permit fee paid when no work has been done under a permit issued in accordance with this code.
3. The Building Official may authorize refunding of not more than 80 percent of the fee paid for which a plan review fee has been paid is withdrawn or cancelled before any plan review effort has been expended.”

Building Permit Fees

Building Permit Fees for new construction will be established using the most current Building Valuation Data published by the International Code Council and a Permit Fee Multiplier as listed below:

1 – 2,500 square feet	0.006
2,501 – 5,000 square feet	0.009
5,000 + square feet	0.012

The valuation for remodels shall be 75% of the new construction valuation.

The calculation for Building permit Fees is as follows:

$$\begin{aligned} & 1^{\text{st}} 2,500 \text{ square feet} \times \text{square foot construction costs} \times 0.006 = \text{fee} + \\ & 2^{\text{nd}} 2,500 \text{ square feet} \times \text{square foot construction costs} \times 0.009 = \text{fee} \\ & + \text{remaining square feet} \times \text{square foot construction costs} \times 0.012 = \underline{\text{fee}} \\ & \qquad \qquad \qquad = \text{Total Building Permit Fee} \end{aligned}$$

Plan Review Fee	65% of Total Building Permit Fee
Minimum Building Permit Fee	250.00
Minimum Miscellaneous Permit Fee	250.00

WHEREAS, on February 17, 2009, the Board of County Commissioners approved a Fee Waiver Policy regarding requests for full or partial waivers of application and/or permit fees; and

WHEREAS, at a properly noticed public hearing of the Board of County Commissioners on December 2, 2014, the Board considered and approved a Fee Schedule for services and permits as required by Teton County for Planning Permit Fees, Building Permit Fees, Plumbing Permit Fees, Mechanical Code and Fuel Gas Code Permit Fees, Energy Mitigation Program Fees, Electrical Permit Fees, Engineering Permit Fees, Floodplain Development Fees, Bridge Permit Fees, and Administrative Fees and Services; and

WHEREAS, the Fee Schedule is intended to set forth the appropriate and necessary costs for applications, fees for services, and/or permits provided or issued by Teton County Planning and Development, Teton County Engineering, and Jackson Hole Fire/EMS; and

WHEREAS, the Board has the discretion to and may desire to waive these required fees by Teton County Planning and Development, Teton County Engineering, and Jackson Hole Fire/EMS, for applications, services, and/or permits as set forth in the Fee Schedule; and

WHEREAS, the Board has established and set forth criteria which establishes when and under what circumstances the Board may consider and approve requests for full or partial waivers of fees for applications, services, and/or permits as set forth in the Fee Schedule; and
